

**Determination of Need for Animal Use Protocol
Institutional Animal Care and Use Committee
University of California, Merced**

Federal regulations require that all activities involving the use of animals in research, teaching and/or testing be reviewed by the Institutional Animal Care and Use Committee (IACUC). This review occurs through the Animal Use Protocol (AUP). In order to determine whether an AUP and IACUC review are needed, please provide the following information and return to the IACUC Office (iacuoffice@ucmerced.edu)
